Hi April,

Mineral lease ML 51630 held by Clay Peck for volcanic materials on trust lands in Utah County is expired. The lessee no longer has any rights relevant to the lease. A NOI was never filed with SITLA by the lessee, although DOGM did a bond calculation for a "Soldier Pass Pumice Mine." There is an old pit that is pre-lease, but when I visited the property I did not see any new surface disturbances by Mr. Peck. You may want to close out your file; or, please let me know if you are aware of any activity on the site. Thanks.

John T. Blake
Deputy Assistant Director/Minerals
Utah School and Institutional Trust Lands Administration
